Hang rechts OB. Bodendecker links OB.

A diagram of a golf hole layout. A red rectangular box labeled 'VACP' is positioned on the left side of the green. A red line with triangular markers shows the intended path of the ball, starting from the left, curving around the 'VACP' box, and ending at a red cup icon. A yellow arrow indicates the ball's trajectory from the bottom right towards the cup. A brown line with cross-ticks represents a bunker or obstacle on the left. The background is green with various circular shapes representing trees and bushes. A large teal gear shape is in the bottom left corner.
